**PRODUCTS
DESIGNED TO
INSPIRE**

kronospan

We're always trying to help designers get better at what they do. To give them what they need to push the limits of creativity and bring to life ever-more impressive and spectacular projects. So we've used our unrivalled experience backed by in-depth research to develop a globally unified range of decors for the furniture and interior design industries that does just that.

The Kronodesign® range will inspire designers, architects and other professionals and bring originality and innovation to new projects around the world. Great design demands the best materials, and we're ready to provide you with the highest quality wood-based panels, produced with a keen focus on sustainability and delivered through the world's largest and most reliable global network of representatives and distributors.

We want to be your partner in the pursuit of design perfection, providing you with the solutions that will drive you towards success.

Upgrade Your Offering

Kronodesign® is the creative arm of Kronospan and we draw our inspiration from all over the world. We're always refining our portfolio of decorative surfaces, both in the way they perform and the way they look.

We analyse the furniture and interior design industries worldwide and then we forecast global design trends in order to offer you an unbeatable range of decors with protected intellectual property rights. That gives you exclusivity and opens up a world of endless design possibilities.

By upgrading our global range of decors, we upgrade your offering too, giving you the superior quality and distinctive designs you need to match your vision perfectly and create truly groundbreaking projects.

Design

Driven by what's new in the arenas of architecture, design and art, our network of experts in major markets around the world identify and interpret the latest global trends.

We work out what's hot and what's up and coming and the result is reflected in a range of colors, patterns and innovative materials and surfaces designed to really engage and stimulate the senses.

The highest quality

We have one focus – our customers. To make sure you're completely satisfied – every time – we only supply the very best premium materials, produced and distributed under strict quality control systems to guarantee a consistently high level of excellence.

Unbeatable service

We know the market and we've got it covered with the world's largest and most reliable global network of representatives and distributors, giving fast, just-in-time product supply. You can depend on our delivery, receiving your products safely and cost-efficiently.

An integrated solution

We develop our designs exclusively and always ensure that our products are perfectly matched and coordinated. So whatever the project – whether it's planning, designing or furnishing – they all work well together, giving architects, designers and craftsmen the freedom and flexibility to really express their creativity.

Unrivalled support

We believe strongly in providing comprehensive solutions that are tailored precisely to your needs. Our extensive market knowledge, integrated sales and marketing services and functional web and mobile tools are at your service any time to fine tune and hone your work, giving you the competitive edge that's crucial for success.

Easy on the environment

Wood is the most important raw material in our products, so sustainability is right at the heart of everything we do.

Our environmental efforts go far beyond the industry standard; we're a world leader in technical development and that allows us to make the most of wood's huge potential, getting the highest possible yield from input materials and achieving cost-effective production with the lowest possible environmental impact.

Designed for Living

Life is for living, and design and the materials we use play a huge role in shaping our lives. It's not just about form and function.

When we design and create spaces to live and work in we want them to be practical and versatile, but we also want to show off our taste, our character, our unique personal style. Colors, textures and patterns all play their part in achieving results that surprise and delight, while using only the highest quality ensures those results will stand the test of time.

Whatever look you're going for, from muted aesthetic through to richly expressive, we'll give you the very best innovative materials to mix and match, to complement and contrast, helping you achieve a beautiful coordinated look across your home, business or commercial space.

The living room – share your style

The kitchen – take inspiration to heart

The bedroom – relaxing by design

The kids' room – where design is child's play

The living room – share your style

The living room is where your personality and character take centre stage, where you bring everyone and everything you love together. With high quality sleek, modern forms, elegant compact boards with a slim profile and warm refined wood grains, we help you to show your taste and style and create a modern, contemporary living space. From premium matt surfaces with improved anti-finger print properties, to functional and minimalistic materials with high durability, all you need for the perfect place to relax, unwind and entertain is right here.

The kitchen – take inspiration to heart

The kitchen is the true heart of your home and should be a place where style and beauty meet practical functionality. It's the room everyone seems to be drawn to and the place where people gather to chat, celebrate make plans – and of course cook the meals you share.

Create the perfect space with cutting edge materials such as digitally printed geometric splashbacks and high gloss surfaces with improved scrub resistance, and make it look and feel amazing with an accent graphic element, sleek square edge worktop profile and matching decors.

The bedroom – relaxing by design

The hustle and bustle of the outside world can't touch you in the sanctuary of your bedroom. It's your private heaven – a place to spend your personal time and enjoy pleasant and relaxing moments.

Heighten the allure of this most individual of rooms with the beauty of muted colors, elegant textures and the shine of metallic furniture, or enhance its natural feel of comfort with a soft, neutral color palette and classic wood grains to create the master bedroom of your dreams.

The kids' room – where design is child's play

They're the most important people in your world. Your kids deserve a room that's safe, stylish and fun to be in and we have everything you need to achieve it.

With the elegant reflective finish of Mirror Gloss surfaces and highly durable and impact resistant Compact Boards, you'll fashion a space to delight both you and your children. Our high quality, high performance materials will help you create an environment of practical beauty to really make the most of their childhood years.

Products

Melamine Faced Particleboard (MF PB)

MF PB is a standard board and an essential material in the furniture and interior design industries.

Made from particleboard covered with a decorative paper impregnated with melamine resin, it's the most widely used material for modern furniture and is available in various finishes, including gloss, matt, lightly textured and wood grain.

Application

- INTERIOR FRONTALS
- INTERIOR TOPS

Features

- EASY TO MAINTAIN
- STAIN RESISTANT
- UV STABILITY

For special applications we offer additional MF PB boards with improved **moisture resistance** and **fire retardant properties**.

Melamine Faced Fibreboard (MF MDF)

Formed by covering an MDF core with a decorative resin-impregnated paper, our Melamine Faced MDF is suitable for use in high quality furniture and interior design projects.

The core of the material is composed of wood fibres, giving a flat and smooth surface, high density and stability, which makes it excellent for processing. It is available in a variety of thicknesses, designs and decorative finishes to one or both sides.

Application

- INTERIOR FRONTALS
- INTERIOR TOPS

Features

- EASY TO MAINTAIN
- STAIN RESISTANT
- UV STABILITY

For special applications we also offer **moisture resistant** and **fire retardant** MF MDF.

Acrylic Matt Boards ^{NEW}

Acrylic Matt Boards are premium decorative boards with a fine and subtle acrylic surface and an elegant appearance specially developed for use in furniture components, interior design and retail and commercial applications, giving a smooth finish that is soft to the touch.

They are based on Kronospan's 17 mm premium MDF material, covered with 0.7 mm matt lacquered acrylic on the front side of the board and 0.6 mm high-impact polystyrene film on the reverse to improve stability.

Application

Supplied with a PE foil to protect the surface, Acrylic Gloss boards have excellent chemical resistance and high UV stability.

Mirror Gloss Boards

■ Mirror Gloss Boards
0191 MG Cool Grey

Mirror Gloss Boards are used in home and office furniture, luxury kitchens and bathrooms and retail spaces. They are produced using cutting edge lamination technology to create a surface with an unsurpassed gloss finish.

A high quality decorative melamine film is pressed onto a particleboard or MDF substrate with a fine-sanded surface to create a product that captures and reflects the surrounding light.

HEAT RESISTANT

They can be supplied with a slightly rounded 3.3 mm radius U-shape profile, and are also available with a double-sided U-shape profile, ideal for breakfast bars and centrepiece kitchen islands.

Worktops Profiles:

Profile U
R = 3.3 mm

Profile U-U
R = 3.3 mm

Our Post-formed Worktops come with a special High Density Fibreboard strip, which strengthens the front edge of the worktop. This technical innovation enhances the quality of the profile and increases the impact resistance of the board. A special silicone strip is placed underneath the profiled edge along the entire worktop length, forming a drip barrier and keeping out water.

Splashbacks

Coordinated splashbacks provide the finishing touch to worktops in kitchens, offices or work areas.

Connecting the worktop with the upper cupboard line in the kitchen, they protect the walls behind the work surface and add an extra decorative touch. Splashbacks are made for vertical use, from decorative HPL pressed onto particleboard, and perfectly match the worktop design.

Graphic Splashbacks
K219 SU Labyrinth

Application

Features

Two complementary splashback ranges are also available. Graphic Splashbacks feature unique and creative graphic designs, while Aluminium Splashbacks with an MDF core offer an excellent modern finishing touch for any contemporary kitchen design.

Slim Line ^{NEW}

A special selection of 12 mm compact boards with a monochrome core, Slim Line worktops are ideal for upmarket furniture and interior design.

They have improved resistance to abrasion and moisture, function well and look good.

Application

Features

Slim Line worktops are for horizontal use with specially selected designs that add style to any application. They don't need additional edging or surface finish processing, so they're perfect for bespoke kitchen, office or work surfaces.

It can be bonded to different wood-based substrates, offering countless design and application options for a wide variety of interiors.

Lacquered High Density Fibreboard (LHDF)

This High Density Fibreboard coated with water-based and UV resistant lacquers is suitable for applications such as drawer bases, interior doors, advertising boards and more.

Lacquered HDF is easy to clean and is resistant to chemical substances and mechanical impact; it is environmentally friendly and available in a variety of designs.

Edging

If you're going for a unified look in your interior design, choose from our range of ABS or PVC edging in standard thicknesses and widths.

As a result of the joint work with manufacturers of complementary products the range is perfectly matched for color and texture with our PB, MDF and Aluminium Boards, giving them an attractive, durable finish.

Authorised partners:

The range is perfectly matched for color and texture with Kronospan's PB, MDF and aluminium boards, giving them an attractive, durable finish.

We worked closely with renowned manufacturers to create a range of **surface foils** that complement the innovative designs in our Global Collection. Used as a coating for wood-based panels, they recreate the look of wood and stone and are versatile and easy to use, providing countless possibilities for furniture and interior design.

Finish Foil

Finish foils are paper layers with a lacquer-coated surface that are colored or printed on.

Mainly used for coating wood-based panels and usually supplied in reels as decor finish foil, they are made with light-resistant printing inks and high-grade lacquers, resins and base paper.

Integrated Solution

Although we develop our designs exclusively we always ensure that our products are complementary. So whatever the project – whether it's planning, designing or furnishing – our products all work well together, giving architects, designers and craftsmen the freedom and flexibility to really express their creativity.

With our product range the possibilities are simply endless. For example, with our Kronobuild® range of wood-based panels you can build a timber-framed house, then give it a unique character by using our Kronoart® exterior compact range on the facade. And why stop there? You can also select stunning designs for your floor from our Krono Original® collection and even create a beautiful interior by using our Kronodesign® range to build your furniture.

Textures

Texture provides sophisticated visual and tactile experience, adding value to your final product, making sure it looks and feels great.

Discover our huge selection of authentic textures carefully chosen to complement the designs in our Global Collection.

Gloss

MG Mirror Gloss

Lustrous, durable and color fast texture with mirror like reflection and high gloss finish.

AG Acrylic Gloss

An exceptional acrylic surface with high gloss visual appearance providing an impression of depth.

GG Glitter Gloss *NEW*

High gloss surface enhanced with a fine amount of shiny real aluminium bits and sparkling glitter finish suitable for stone decors.

SQ Super Quality Gloss

A superior gloss surface specially developed for worktops to offer improved scratch resistance and durability.

Matt

AM Acrylic Matt *NEW*

Fine and subtle matte finish, offering a warmer, velvety touch and reducing fingerprint marks.

SM Silk Matt

Elegant semi-matt finish with a smooth silky touch.

SU Super Matt

Texture combining matt effect with smooth, high-grade optics for a resplendent appearance.

Grainy

BS Bureau Structure

A pleasant mottled surface, that brings timeless style and durability to all environments, not just the office.

CR Crystal

A sophisticated texture that offers a delicate surface shimmer.

PA Patina

A subtle, semi smooth glazed surface.

PE Pearl

A subtle, burnished surface detail.

Rough

RS Rough Slate

Soft riven texture suitable for natural stone decors.

UE Used Effect

A burnished surface finish, that give an extra degree of patina to stone and metal decors.

Porous

PW Pure Wood

Inspired by the elegant finish of a varnished veneer this texture gives a silky matte finish exposing the subtle gloss of the wood grain pores.

FP Fine Pore *NEW*

A understated delicate wood pore that refines the decor.

PR Wood Pore

A durable wood grain texture with all over sheen to emphasis the natural beauty of wood.

Deep

SL Slate *NEW*

Deep slate texture that reflects the distinctive look and feel of weathered stone.

SN Super Natural

A linear and lively wood grain texture with matt-gloss areas, giving depth and tactility for a dramatic effect.
